EMPOWERING HUMANITY THROUGH ROBOTICS

ROSI VAC

ROSITM

ROSI EDGECLEAN

Never Miss A Spot

ROSI VAC is able to clean along the edges at zero distance with side brushes and high-precision sensors, and effortlessly pick up fine dust and debris with a 24 KPA suction motor. It comes with an anti-static and highly elastic roller brush that reaches deep into the carpet fibers without causing any damage to the carpet. It offers three vacuuming modes to cater to varying carpet cleaning needs —whether it's a light, medium or deep clean, ROSI VAC has got you covered.

- Zero-distance edge cleaning
- 24 KPA powerful suction
- Vacuuming modes (light/medium/deep)

AIR FRESHENING & PURIFYING

Spice Up Your Cleaning Routine

ROSI VACUUM is an ultimate multitasker. Not only does it keep floors spotless, but it also helps create an inviting environment that smells amazing — an innovative multi-purpose diffuser kit could be easily equipped onto it for purification, humidification, or aroma diffusion. You will also experience the joy of breathing in purified air with the help of its medical-grade H13 HEPA filter that effectively captures harmful particles and allergens.

- Multi-purpose diffuser kit.
- H13 HEPA filter.

CLEANING MADE EFFORTLESS

Simplify your work process

ROSI 2 will make cleaning much easier with little need for human interference. It perceives environmental changes, updates the map and reroutes itself in real time — you don't need to stand by to save it from getting stuck. With the optional charging dock the robot can perform power charging by itself. It also offers remote access via Gausium mobile app that enables you to monitor and control your cleaning task from anywhere.

- Smart obstacle avoidance and rerouting.
- Remote-control mobile app.
- Auto charging docking station .
